Get started today. Step 1. Register

Register your account online and login Step 2. Make Payment

You can make payment by Paypal after you register and login, just click the "Make payment/Upgrade" link on the menu, or by Bank transfer or by cash to Connect Direct Step 3. List properties

After payment by Paypal you will be returned to our website just log back in to go to the Vendor homepage where you can create your listing. After you create your listing, click the edit images link and add your property photos. Use the title and description tags, as these will also enable your property to be found in search engine listings. Step 4. Effective advertising

When listing a property, take into consideration the words that Internet search engine users will use to "stumble" across your property listing. They will search by property type, location and may also use the words Estate Agents, Property, For sale, To rent, Rental, Holiday lets.
